Design and Visual Communication

Emphasizes preparation for both employment and continuing education at a post secondary institution. Students select from eleven ten-week courses consisting of conventional and digital skills required in various visual art and communication careers.

Multimedia: Emphasizes the creation of digital art for print, video and electronic media. This component of the program includes courses in: Image Manipulation, Vector Art, 2D Animation, Interactive Design, Web Design, Video Production and 3D Printing.

Digital Reproduction: Emphasizes the use of current technologies in both conventional printing and digital reproduction. This component of the program includes courses in: Design and Reproduction, Screen Printing, and Production Graphics.

Photography: Covers the techniques of traditional and digital photography highlighting skills required in advertising, portraiture, multimedia and fine art. Includes courses in: Digital Photography, Multimedia Photography, Film and Darkroom Photography, and Studio Lighting.

Continuing Education Opportunities

Ocean County College
Brookdale Community College
The Art Institute of Philadelphia
Boston University- Center for Digital Arts
Rochester Institute of Technology
Clemson University
School of Visual Arts
Academy for Media Productions (AMP)

A Tech Prep agreement is in place with several colleges, enabling qualified students to receive college credits upon successful completion of the course and portfolio review.

A Jump Start program is in place with Ocean County Colleges, enabling qualified students to receive college credits for the classes they take in the DVC Program. Students enrolled in the Jump Start Program are students at both OCC and OCVTS.
